Advancing Your Photography - YouTube

Move around a lot. A big mistake photographers make is to think they have the right shot and then basically take the same picture over and over again, with tiny variations. George is like a sand flea, hopping around, moving high, getting low, going back, returning to front, shooting up, shooting down.

10 Easy Non-Technical Secrets to Taking Better Photos ...

In photography, sometimes you can move that light source, and other times you have to move the subject to alter the position of the light. Front lighting, or placing the subject so that light is directly in front of the person or object, brings out the detail.

The Ultimate Guide to Learning Photography: Lighting for ...

If you want to improve your street photography (or portraiture) by a thousand percent then paying attention to a person's eyes is the way to do it. People can be so skilled at hiding their emotions on their faces but their eyes will never lie. I see too many street photos with blank stares these days.

7 Secrets Every Aspiring Street Photographer Should Know

He attended the San Francisco Art Institute with fellow alumna Annie Leibovitz. Marc loves to help others improve their photography, so in 2009 began his video series Advancing Your Photography, where he's had the great fortune to interview some of the world's best photographers.
