### America’s Backyard: The United States and Latin America ...

America’s backyard is a concept often used in political science and international relations contexts to refer to the sphere of influence of the United States, the USA’s traditional areas of dominance, especially Latin America. It is somewhat analogous to the Russian concept of near abroad, which referred to Central Asian states during Soviet era rule. The term has recently been prominent in popular media with reference to threats to US national security used to contrast such threats at home with

### America’s Backyard - Wikipedia
