compatible in the same way as any devices to read.

It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also

Get Free Inside Im Hurting Practical

Collection Creator - a handy tool that lets you collate several pages, organize them, and export them

together (again, in PDF format). It's a nice feature that enables

you to customize your reading material, but it's a bit of a hassle,

and is really designed for readers who want printouts. The easiest

way to read Wikibooks is simply to open them in your web browser.
