Margins of Philosophy. In this densely imbricated volume Derrida pursues his devoted, relentless dismantling of the philosophical tradition, the tradition of Plato, Kant, Hegel, Nietzsche, Husserl, Heidegger—each dealt with in one or more of the essays. There are essays too on linguistics (Saussure, Benveniste, Austin) and on the nature of metaphor ('White Mythology'), the latter with important implications for literary theory.

### Margins of Philosophy : Jacques Derrida : 9780226143262

In Margins the reader is treated immediately to an interesting idea of Derrida's - that the most important part of philosophy occurs in the "margins" of work. That is, it is the contextualization of ideas that is fundamentally important, not necessarily what is in them.
