An initiative challenging PDO's engineering standards has been successfully concluded - that is expected to result in sustainable capital savings of more than US\$500 million over the next five years. The 90-day Focused Results Delivery (FRD) programme will significantly improve the capital efficiency of PDO projects and provide a "fit-for- purpose" design class approach.

Setting The Standard On Savings

In 1982, as a founder of PDO, Anthony brought his extensive practical and construction experience and his engineering training to bear in collaboration with Barbara's work. Together they implemented the standards set forth and practiced by PDO on all its projects. He is intimately involved in each PDO project.
