Business English - English for emails | British Council

Intermediate language (IL) is an object-oriented programming language designed to be used by compilers for the .NET Framework before static or dynamic compilation to machine code. The IL is used by the .NET Framework to generate machine-independent code as the output of compilation of the source code written in any .NET programming language.

What is Intermediate Language (IL)? - Definition from ...

Task: You are writing a brief opinion paper for your political science class. Write a series of sentences stating your opinion about the President of The United States. Make sure to include a clear statement of opinion and a few reasons to support your opinion. Input: Evidence: Upload your evidence into LinguaFolio Online.

Competency-Based Credits

These exercises (most with examples of emails) will help you learn or improve how your ability to write many different types of emails and letters in English. For each exercise there is a description of what it is about and what level of English you need to do it (from 'lower-intermediate' to 'advanced').
