The Growing Edge Of Gestalt

It serves as both a reminder of and a challenge to the diversity and richness that good, pungent Gestalt therapy can have. It reminds us that rather than striving to be Perls we must do what we encourage those who work with us to do -- to be all of ourselves we can and to live and work at our own growing edge."

Person-centred therapy: the growing edge

The five principles of Gestalt are simple but influential laws of visual perception, stemming from Gestalt theory in psychology. The theory explains that, if certain principles are applied, humans tend to visually perceive layout, structure or "whole" over their individual units. In essence, humans then ...
