The Lunar Society of Birmingham was formed in the 1760s, and included (among others) Matthew Boulton and his partner James Watt (of steam engine fame), the potter Josiah Wedgwood, Erasmus Darwin, theorist of evolution and ancestor of Charles Darwin. Later came Joseph Priestley, discoverer of oxygen.

### **The Lunar Men: The Inventors of the Modern World 1730-1810 ...**

Here, we have the tale of a group of men, known to each other, who truly helped shape the modern world. The names are a "whose who" of early Industrial Age science and industry: James Watt,

Erasmus Darwin (yes, the grandfather to Charles), Josiah Wedgwood and Joseph Priestley amongst others.
