Hi Pearl, I have a problem with a 4WG-200 ZF Transmission in an XCMG loader. We have forward and no reverse. I've made a jig to test the gear selector and have got some issues, but want to pull the gear selector apart i.e. the speed selector component a I think I have found where the problem is coming from.

I have a Samsung SL150 With a ZF Transmission. Forward doesn't always work, but seems to engage in to reverse always. I haven't had the loader very long but I did alot of forward and reverse unloading bales and loading the belly dump this last fall and it worked great! Now all of a sudden no forward all the time.
